

## **The devolution to man of all that is in the universe according to the Quran**

It is Allah who created the heavens and the earth and sent down rain from the sky and produced thereby some fruits as provision for you and subjected for you the ships to sail through the sea by His command and subjected for you the rivers.

And He subjected for you the sun and the moon, continuous [in orbit], and subjected for you the night and the day.

And He has subjected to you whatever is in the heavens and whatever is on the earth - all from Him. Indeed in that are signs for a people who give thought.

It is He who created for you all of that which is on the earth.
